Mr. James W. Smith, Jr.
Reclamation Soils Specialist
State of Utah, Division of
Oil, Gas, and Mining
1588 West North Temple
Salt Lake City, Utah 84116

Dear Mr. Smith:

I have recently received a letter from you to our representative, Robert L. Steele, concerning the Koosharem Clay Pit.

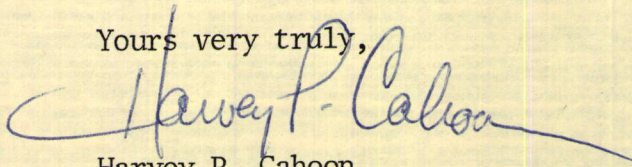

We feel that we have performed the reclamation work at the Koosharem pit in a manner that was accepted.

Originally our intention was to completely reclaim the area, but were requested by Mr. Fullmer, the owner, to limit the reclamation. We were perfectly willing to reclaim the land to the extent set forth by the regulations but limited the reclamation as per the request of Mr. Fullmer.

Mr. Fullmer is now responsible for the pit and its use or non-use. It is not reasonable to require Interstate to post bond or do additional reclamation, even if Mr. Fullmer does not bond or reclaim. We were there, ready, willing, and able to satisfy the reclamation, but were limited by Mr. Fullmer. We feel we would be unjustly penalized if we were required to return to the property with the added expense to perform additional reclamation that could have easily been done at that time.

Thank you for your letter. I trust that something reasonable can be worked out with Mr. Fullmer.

Yours very truly,

Harvey P. Cahoon

Ron,

No. I called John Blake
on 22nd and he
did not have a bond
from Fullmer. He was
going to check with him
to post it or cancel his lease.
